Dear interested party,

Thank you for expressing interest in the Tribal Business Relief Program. We recognize the economic impact that the novel coronavirus has placed upon our community and wish to extend our utmost gratitude for the services you provide to our community. We apologize for any inconveniences imparted due to the delay in the application delivery. To ensure equality in expending funds, we deliberated in-depth. After much review, we have split this program into 3 separate applications:

- Community Artist Relief (*i.e., artists*)
- Tribal Business Relief (*i.e., nonprofits, small businesses, & new businesses*)
- Tribal Infrastructure Support Relief (*i.e., Church, ANS, etc.*)

Enclosed in this envelope is the corresponding application that you are eligible for.

A complete application for Community Artists Relief and Tribal Business Relief **must** include your business 2019 tax information and the attached application. Tribal Infrastructure Support Relief does not need to include their 2019 tax information. All sections of the *attached application* must be filled out and completed.

Please address all documents to:
